

bilinearInterpolationKernels

```
graph LR; A[bilinearInterpolationKernels] --> B[arange]; B --> B;
```

The diagram illustrates a data flow or dependency. On the left, a gray rectangular box contains the text "bilinearInterpolationKernels". A straight blue arrow points from the right side of this box to a white rectangular box on the right, which contains the text "arange". Above the "arange" box, a curved blue arrow starts from its top edge and points back to its top edge, indicating a self-loop or feedback mechanism.
