

convertDicomVolumeVecToMatrix

```
graph LR; A[convertDicomVolumeVecToMatrix] --> B[arange]; B --> B;
```

The diagram consists of two rectangular boxes. The first box on the left is gray and contains the text 'convertDicomVolumeVecToMatrix'. A straight blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'arange'. A curved blue arrow starts from the top-right corner of the 'arange' box and loops back to its top-left corner, indicating a self-loop or iteration.
